SELLO Marketing

Client Services Agreement: Full Calendar in 30 Days System

Client business: _____ Effective date: _____

Owner name: _____ Service area: _____

1. What SELLO provides

Meta ads setup and management, ad creative from Client's photos, a qualifying lead form, the SELLO automation package (instant replies, follow-ups, reminders, review and rebook texts), a booking page with deposit, and the bonus vault (scripts, package menu, seasonal promo calendar, Win-Back Campaign, photo guide).

2. Fees

- Launch fee (one time, founding client rate): $1,500, due at signing.
- Monthly retainer: $0.
- Per show: basic/maintenance detail $15; full detail $20; paint correction $35; ceramic coating $75.
- Ad spend is paid by Client directly to Meta. The founding rate is locked while Client stays active.

3. What counts as a show

A new customer who books through SELLO's ads, lead form or booking page, arrives (or is served at their location), and pays for the service. First visit only. Repeat visits by the same customer are not charged.

4. Billing

Client keeps a card on file. SELLO sends a statement of shows on the 1st of each month and charges the card 3 days later. Client marks completed jobs in the booking system. Disputes must be raised before the charge date.

5. Guarantee: Full Calendar or We Work Free

If Client gets fewer than 10 shows in the first 30 days after ads go live, SELLO keeps working with no per-show fees until Client reaches 10 shows. If Client's first show does not happen within 14 days of launch, SELLO covers one week of Client's ad spend (up to $140). The guarantee applies only if Client: keeps ads running at least $15/day for 30 days; replies to leads within 15 minutes or lets the automation book them; books every lead through SELLO's booking page; and sends photos, pricing and account access within 48 hours of signing. The launch fee is non-refundable once the build has started.

6. Timeline

Win-Back Campaign within 48 hours and ads live within 7 days, counted from the day Client delivers photos, pricing and access.

7. Territory

While Client is active, SELLO will not work with another detailer in the service area named above.

8. Term and cancellation

Month-to-month. Either side may cancel with 14 days' written notice. Shows from ads that ran before cancellation are still billed.

9. Ownership

Client owns their ad account, customer list, reviews and photos. SELLO owns its templates, scripts and automations; Client may keep using copies already delivered.

10. No promise of revenue

SELLO does not guarantee a specific income. Results depend on Client's service, pricing and response time. SELLO's total liability is limited to the fees Client paid in the last 3 months.
